Intercultural Week Wartburgkreis

22. – 29.09.2024

and further events from 16.08. – 16.10.2024

www.interkulturellewoche.de

Greetings

Dear citizens,

this year, Intercultural Week is taking place nationwide from **22. - 29.09.2024** and invites you to take a closer look at the opportunities, challenges and prospects for social development in our district.

Topics such as housing, education and religion shape the discussions as well as the question of how good coexistence can succeed. An important concern is to develop a better mutual understanding and help reduce prejudices.

The motto of this year's Intercultural Week is „**New Spaces**“ and stands for creating, opening and showing new spaces - but also demanding, protecting and defending them. The motto leaves a lot of freedom and at the same time creates connection: new spaces for encounters and exchanges, for laughing and being friendly with each other as well as for thinking or discussion and coming together.

It's all about encounters!

Once again this year, the Wartburg district will be offering a diverse and varied program: our supporters and network partners have put together workshops, information- and exchange formats, specialist events, encounters, exhibitions, concerts and sporting competitions.

I would like to thank all participants from the bottom of my heart and wish you much success with the implementation of this year's Intercultural Week.

Your Dr. Michael Brodfuehrer

District Administrator of the Wartburgkreis
